**THE TOWN OF NEW SALEM'S
COMMUNITY CHOICE POWER SUPPLY PROGRAM
RATE INCREASE NOTIFICATION**

IMPORTANT UPDATE: As the result of a change in law, the Town of New Salem's previously published aggregation rates **effective with the January 2021 meter reads will increase by \$0.00102 per kWh**. This applies to both the Standard Product (increasing from \$0.09331 per kWh to \$0.09433 per kWh) and the Optional Green Product (increasing from \$0.13032 per kWh to \$0.13134 per kWh). The new rates will be fixed through the remainder of the term, ending January 2024.

WHAT IS A CHANGE IN LAW AND HOW CAN IT RESULT IN A RATE INCREASE? A change in law is a regulatory event that results in a direct, material increase in costs during the term of an electric power supply contract. In July 2020, the Massachusetts Department of Environmental Protection finalized the Clean Energy Standard Expansion (CES-E), which requires retail suppliers to annually demonstrate the use of clean energy to generate a specified percentage of their electricity sales. This expanded purchase obligation resulted in unexpected supplier costs, which in turn resulted in a rate increase effective with the January 2021 meter reads. [For more information on the Massachusetts Clean Energy Standard, please visit mass.gov/guides/clean-energy-standard-310-cmr-775].

WHAT IS THE IMPACT OF THE RATE INCREASE? Given average usage of 600 kWh per month, the new aggregation rates represent an increase of \$0.61 per month versus the previously published rates for both the Standard Product and the Optional Green Product. [For a per kWh comparison against National Grid's Basic Service rates effective November 1, 2020, please see the **NEW RATES AND TERMS** chart below.]

For questions about the rate increase or your options, please call Colonial Power Group at (866) 485-5858 ext. 1.

The Town of New Salem is pleased to announce that **Dynergy Energy Services** ("Dynergy") has been selected as the supplier for its Community Choice Power Supply Program ("Program"). Dynergy will provide electric power supply for all consumers participating in New Salem's Program. This notice is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. You will see Dynergy printed under the "Supply Services" section of your monthly bill. You will continue to receive one bill from National Grid. You will continue to send your payments to National Grid for processing. National Grid will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.
