THE TOWN OF LUNENBURG'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Lunenburg is announcing a minimal price change in its Community Choice Power Supply Program to incorporate the enrollment of the Town's municipal buildings. The price adjustment shown below **will be effective with the December 2022 meter reads and remain fixed for all rate classes through November 2024** when the Town's current contract ends.

Term	Current Rate (Supply Only)	Price Increase	New Rate (Supply Only)	% Increase
December 2022 to November 2024	\$0.11210 per kWh	\$0.0053 per kWh	\$0.11740 per kWh	4.51%

For comparison purposes, Unitil's proposed Residential Basic Service rate is fixed at \$0.22236 per kWh from December 1, 2022 through July 31, 2022.

Given average usage of 600 kWh per month, the Town's new aggregation rate represents an increase of \$3.18 per month versus the current rate. All accounts currently enrolled in the Town's Program will continue to see First Point Power printed under the "Supplier Services" section of their monthly bill. This rate change will be seen on the January 2023 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access Unitil's Basic Service rates, please visit colonialpowergroup.com/lunenburg or call First Point Power, the Town's current electricity supplier, at (888) 875-1711.

Unitil has several programs to help income-eligible families and customers needing special assistance meet their energy needs. To learn more, please visit unitil.com/account-billing/billing-payment-options/financial-assistance.

Basic Service rates change twice a year. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Unitil Basic Service. However, such savings and future savings cannot be guaranteed.
