**THE TOWN OF SALISBURY'S
COMMUNITY CHOICE POWER SUPPLY PROGRAM
RATE INCREASE NOTIFICATION**

IMPORTANT UPDATE: As the result of a change in law, the Town of Salisbury's current aggregation rate **will increase by \$0.00121 per kWh effective with the May 2023 meter reads**. The new rate (increasing from \$0.11134 per kWh to \$0.11255 per kWh) will be fixed through the remainder of the term, ending January 2025.

WHAT IS A CHANGE IN LAW AND HOW CAN IT RESULT IN A RATE INCREASE? A change in law is a regulatory event that results in a direct, material increase in costs during the term of an electric power supply contract. In October 2022, the Massachusetts Department of Environmental Protection finalized several changes to the state's Clean Energy Standard. In part, these changes increase the amount of clean energy that utilities and suppliers need to purchase and also increases certain compliance payments that suppliers are required to make to the state. This revision resulted in unexpected supplier costs, which in turn resulted in a rate increase effective with the May 2023 meter reads. [For more information on the Massachusetts Clean Energy Standard, please visit mass.gov/guides/clean-energy-standard-310-cmr-775].

WHAT IS THE IMPACT OF THE RATE INCREASE? Given average usage of 600 kWh per month, the new aggregation rate represents an increase of \$0.73 per month versus the current rate. [For a per kWh comparison against National Grid's Basic Service rates effective May 1, 2023, please see the **NEW RATES AND TERMS** chart below.]

For questions about the rate increase or your options, please call Colonial Power Group at (866) 485-5858 ext. 1.

The Town of Salisbury is pleased to announce that **First Point Power** ("First Point") has been selected as the supplier for its Community Choice Power Supply Program ("Program"). First Point will provide electric power supply for all consumers participating in Salisbury's Program. This notice is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. You will continue to see First Point printed under the "Supply Services" section of your monthly bill. You will continue to receive one bill from National Grid. You will continue to send your payments to National Grid for processing. National Grid will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.
