DO NOT DISCARD — IMPORTANT Notice Regarding Electricity Rates

Este es un aviso importante. Por favor asegure que se traduce.

Este é um aviso importante. Queira mandá-lo traduzir.

THE TOWN OF ASHLAND'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Ashland is announcing the new rate and term for its Community Choice Power Supply Program through its new electricity supplier, **Dynegy Energy Services**. The Town's new aggregation rate is fixed **for all rate classes for 24 months** as follows:

Term	New Rate (Supply Only)	Renewable Energy Content
December 2023 to December 2025	\$0.15988 per kWh	25% MA Class I RECs above minimum state requirements
<i>[Rate applies to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>		

For comparison purposes, Eversource's Residential Basic Service rate is fixed at \$0.16078 per kWh from July 1, 2023 through December 31, 2023. Eversource's rates will change on January 1, 2024 and should be known in late-November. Historically, Eversource's winter rates have been higher than their summer rates. The Town expects that will be the case again this winter, providing an opportunity for continued savings.

It is important to note that **no action will be required** by individual consumers. All accounts currently enrolled in the Town's Program will be switched to Dynegy as of the December 2023 meter reads. This change will be noted on the December 2023 bills and will be seen on the January 2024 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access Eversource's Basic Service rates, please visit colonialpowergroup.com/ashland or call Dynegy at (866) 220-5696. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource Basic Service. However, such savings and future savings cannot be guaranteed.
