DO NOT DISCARD — IMPORTANT Notice Regarding Electricity Rates

Este es un aviso importante. Por favor asegure que se traduce.

Este é um aviso importante. Queira mandá-lo traduzir.

THE TOWN OF CHESHIRE'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Cheshire is announcing the new rate and term for its Community Choice Power Supply Program through its current electricity supplier, **Dynegy Energy Services**. The Town's new aggregation rate is fixed **for all rate classes for 24 months** as follows:

Term	New Rate (Supply Only)	Renewable Energy Content
November 2023 to November 2025	\$0.15051 per kWh	Meets MA renewable energy requirements
<i>[Rate applies to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>		

For comparison purposes, Eversource's Residential Basic Service rate is fixed at \$0.14854 per kWh from July 1, 2023 through December 31, 2023. Eversource's rates will change on January 1, 2024 and should be known in late-November. Historically, Eversource's winter rates have been higher than their summer rates. The Town expects that will be the case again this winter, providing an opportunity for savings.

It is important to note that **no action will be required** by individual consumers. All accounts currently enrolled in the Town's Program will continue to see Dynegy printed under the "Supplier Services" section of their monthly bill. This rate change will be seen on the December 2023 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access Eversource's Basic Service rates, please visit colonialpowergroup.com/cheshire or call Dynegy at (866) 220-5696. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate will not always be higher than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource Basic Service. However, such savings and future savings cannot be guaranteed.
